

August 26, 2009

Dear community partners,

It is great to have your participation in the Mexican Fiesta Educational Component, Educate Conference Resource and Information Fair. We are very excited to have you on board. Your leadership is greatly needed and appreciated in this important event.

As time progresses we develop as presenters, become more organized, and people become informed from attending and participating with leaders like yourselves. It is truly an honor to have your leadership involved in the Mexican Fiesta. This is an educational, cultural and leadership building event for everyone in the community.

We are finalizing everything for the Mexican Fiesta 2009 so come prepared with your booth, tables and chairs to shade your members and to provide more visibility to your organization. In community events like these it is important to interact effectively by finding effective ways to bring people to your booth. Some ideas are to have a drawing during the event or give out a small price, or gift for kids, youth or families. Most importantly in any event having lots of smiles and with your energetic style in presenting yourself and your organization will be the path to success. We know that you bring a sincere interest in the development of children, youth, families and communities.

We are doing our best to advertise this event and we need your help to invite more people and let others enjoy the Mexican Fiesta. The entrance to the concert is **free** and the amphitheater at the park is a wonderful family event. Bring a blanket and the whole family. We mean everyone including aunts, uncles, nephews and everyone else that you care about. We will have live music, variety of local artists and recognized talent. I have attached a flyer for you to print and post and distribute to put a friendly face with a personal invitation.

PS. Also feel free to forward this email to your list serve or other organizations that would like to network at the Mexican Fiesta 2009. Any questions or comments feel free to contact me with your ideas.
